JORGE HERNANDEZ APPLICATION NOTE* : The waiting list will open on October 19, 2026. On that day, people may call to request a pre-application; we will then mail out the requested forms, allowing applicants 14 days to complete and return them to the office via postal mail. Once the 14-day period has passed, no further pre-applications will be accepted. We will then create the new waiting list for interested applicants and send letters informing them of their position on the list. The waiting list should be finalized around November 9, 2026. Sometimes, if we do not reach the target number of applicants on the opening day, the list may remain open; conversely, if we secure the required number of applicants (or slightly more), the list will close.
